

To Whom It May Concern:

I do endorse Sam Harrell on any job that requires the creativity and skill set to launch events similar to Rincon "Rally Days", in other communities.

Sam Harrell, Roland Williams and our senior citizens at Rincon, served such a noble purpose by mentoring young children. Sam is bright, extremely creative, and has such a high passion to mentor young children to a "higher calling".

Events like "Rally Days" fits Sam Harrell's "skill set" and passion, which is so vital in matching Sam's strengths to the job that requires the same skill set.
